Objective:

Results-oriented computer information system student with a strong passion for technology and coding. Seeking a position as a Teacher Assistant at Addis Coder to share my coding experience and contribute to the development of aspiring programmers.

Education:

Bachelor of Science in Computer Information System (Expected Graduation: [2025])
Addis Ababa University, Addis Ababa, Ethiopia

Skills:

- Proficient in Python, Java, and JavaScript programming languages.
- Strong understanding of computer information systems and software development principles.
- Excellent problem-solving and analytical skills.
- Effective communication and interpersonal skills.
- Detail-oriented and committed to delivering high-quality work.
- Self-motivated and able to work both independently and collaboratively.

Experience:

Maths and Physics Teacher Assistant, Summer Program for War-Affected Individuals
Tigray Region, Ethiopia, [2023]

- Assisted in teaching mathematics and physics to individuals affected by war, providing educational support during the summer program.
- Collaborated with the teaching staff to develop lesson plans and instructional materials.
- Conducted one-on-one and group tutoring sessions to enhance students' understanding of key concepts.
- Monitored student progress and provided constructive feedback to promote academic growth.

Python Programming Language Training, Ethiopian Enterprise NGO, [2023]

- Participated in a comprehensive training program on Python programming language offered by Ethiopian Enterprise NGO.
- Acquired in-depth knowledge of Python syntax, data structures, and algorithms.
- Developed practical coding skills through hands-on projects and assignments.
- Collaborated with fellow participants to solve coding challenges and share best practices.
